This flower needs to be put in soil.  
Can you help its roots get to the flowerpot?

## A Spring Garden

Spring is a \_\_\_\_ (adjective) time to be outside! There are so many sights to see and activities to do. An activity that the Spring season is great for is planting a garden! We can plant seeds that grow into \_\_\_\_ (flower), or we can plant some \_\_\_\_ (vegetable) to make into a delicious meal! The Spring is full of sunshine and it is warm outside!

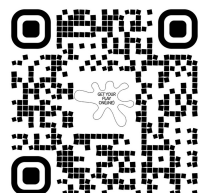

First we need to gather all of our supplies to plant our garden. We will need \_\_\_\_ (something that holds water), a \_\_\_\_ (something to dig with), water, \_\_\_\_ (flower) and \_\_\_\_ (vegetable) seeds! We will also need soil to bury the seeds in, and the color of soil is \_\_\_\_ (color). Planting our garden should take us around \_\_\_\_ (number) minutes, and we will get to enjoy the sunshine and the breeze!

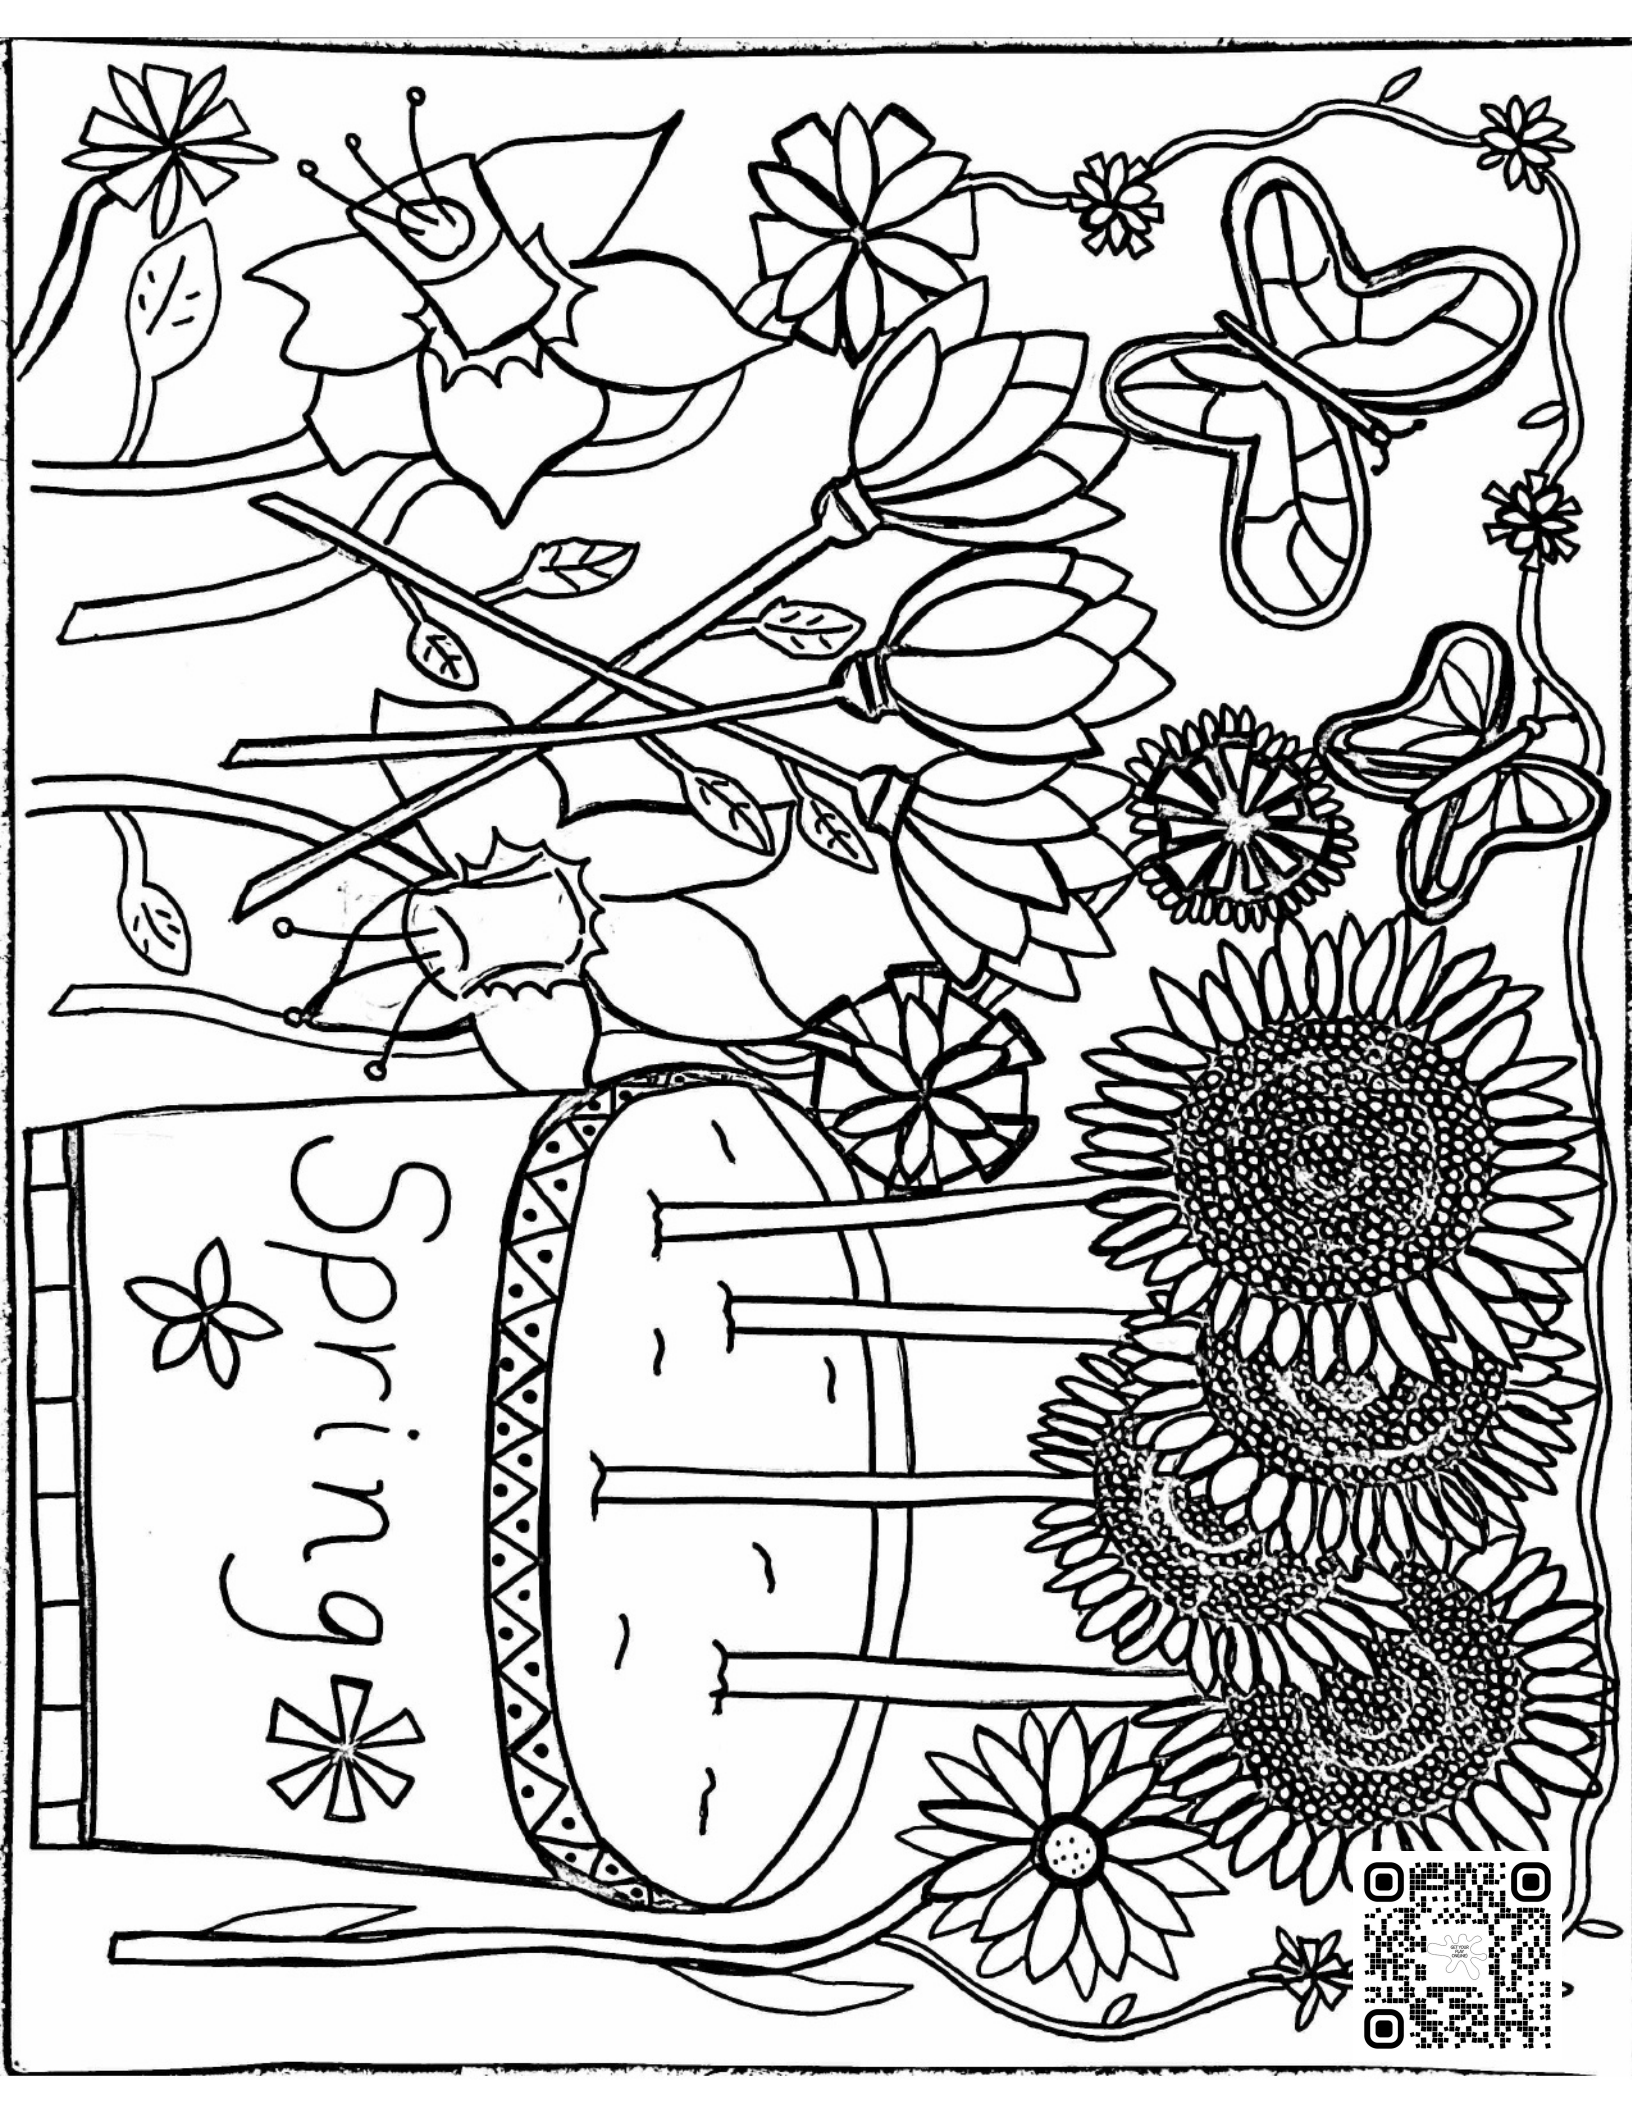

Let's roll up our sleeves, put our \_\_\_\_ (something that goes on your head) on, and get started! When we're outside, our next step is to use our \_\_\_\_ (something to dig with) and make a whole the size of a \_\_\_\_ (object) in the soil.

Put \_\_\_\_ (number) seeds in the whole, and cover the whole with soil again. Not pat, pat, pat the soil until it is nice and flat! Now we grab our \_\_\_\_ (something that holds water) and pour water over the soil while we count to \_\_\_\_ (number).

We might even see some \_\_\_\_ (insect) \_\_\_\_ (verb) around in the soil. Insects love to be outside, so keep your eyes ready to see them!

It is so fun to be outside in the Spring and enjoy the sun and nature. Let's finish planting our seeds, so we can have a big beautiful garden!

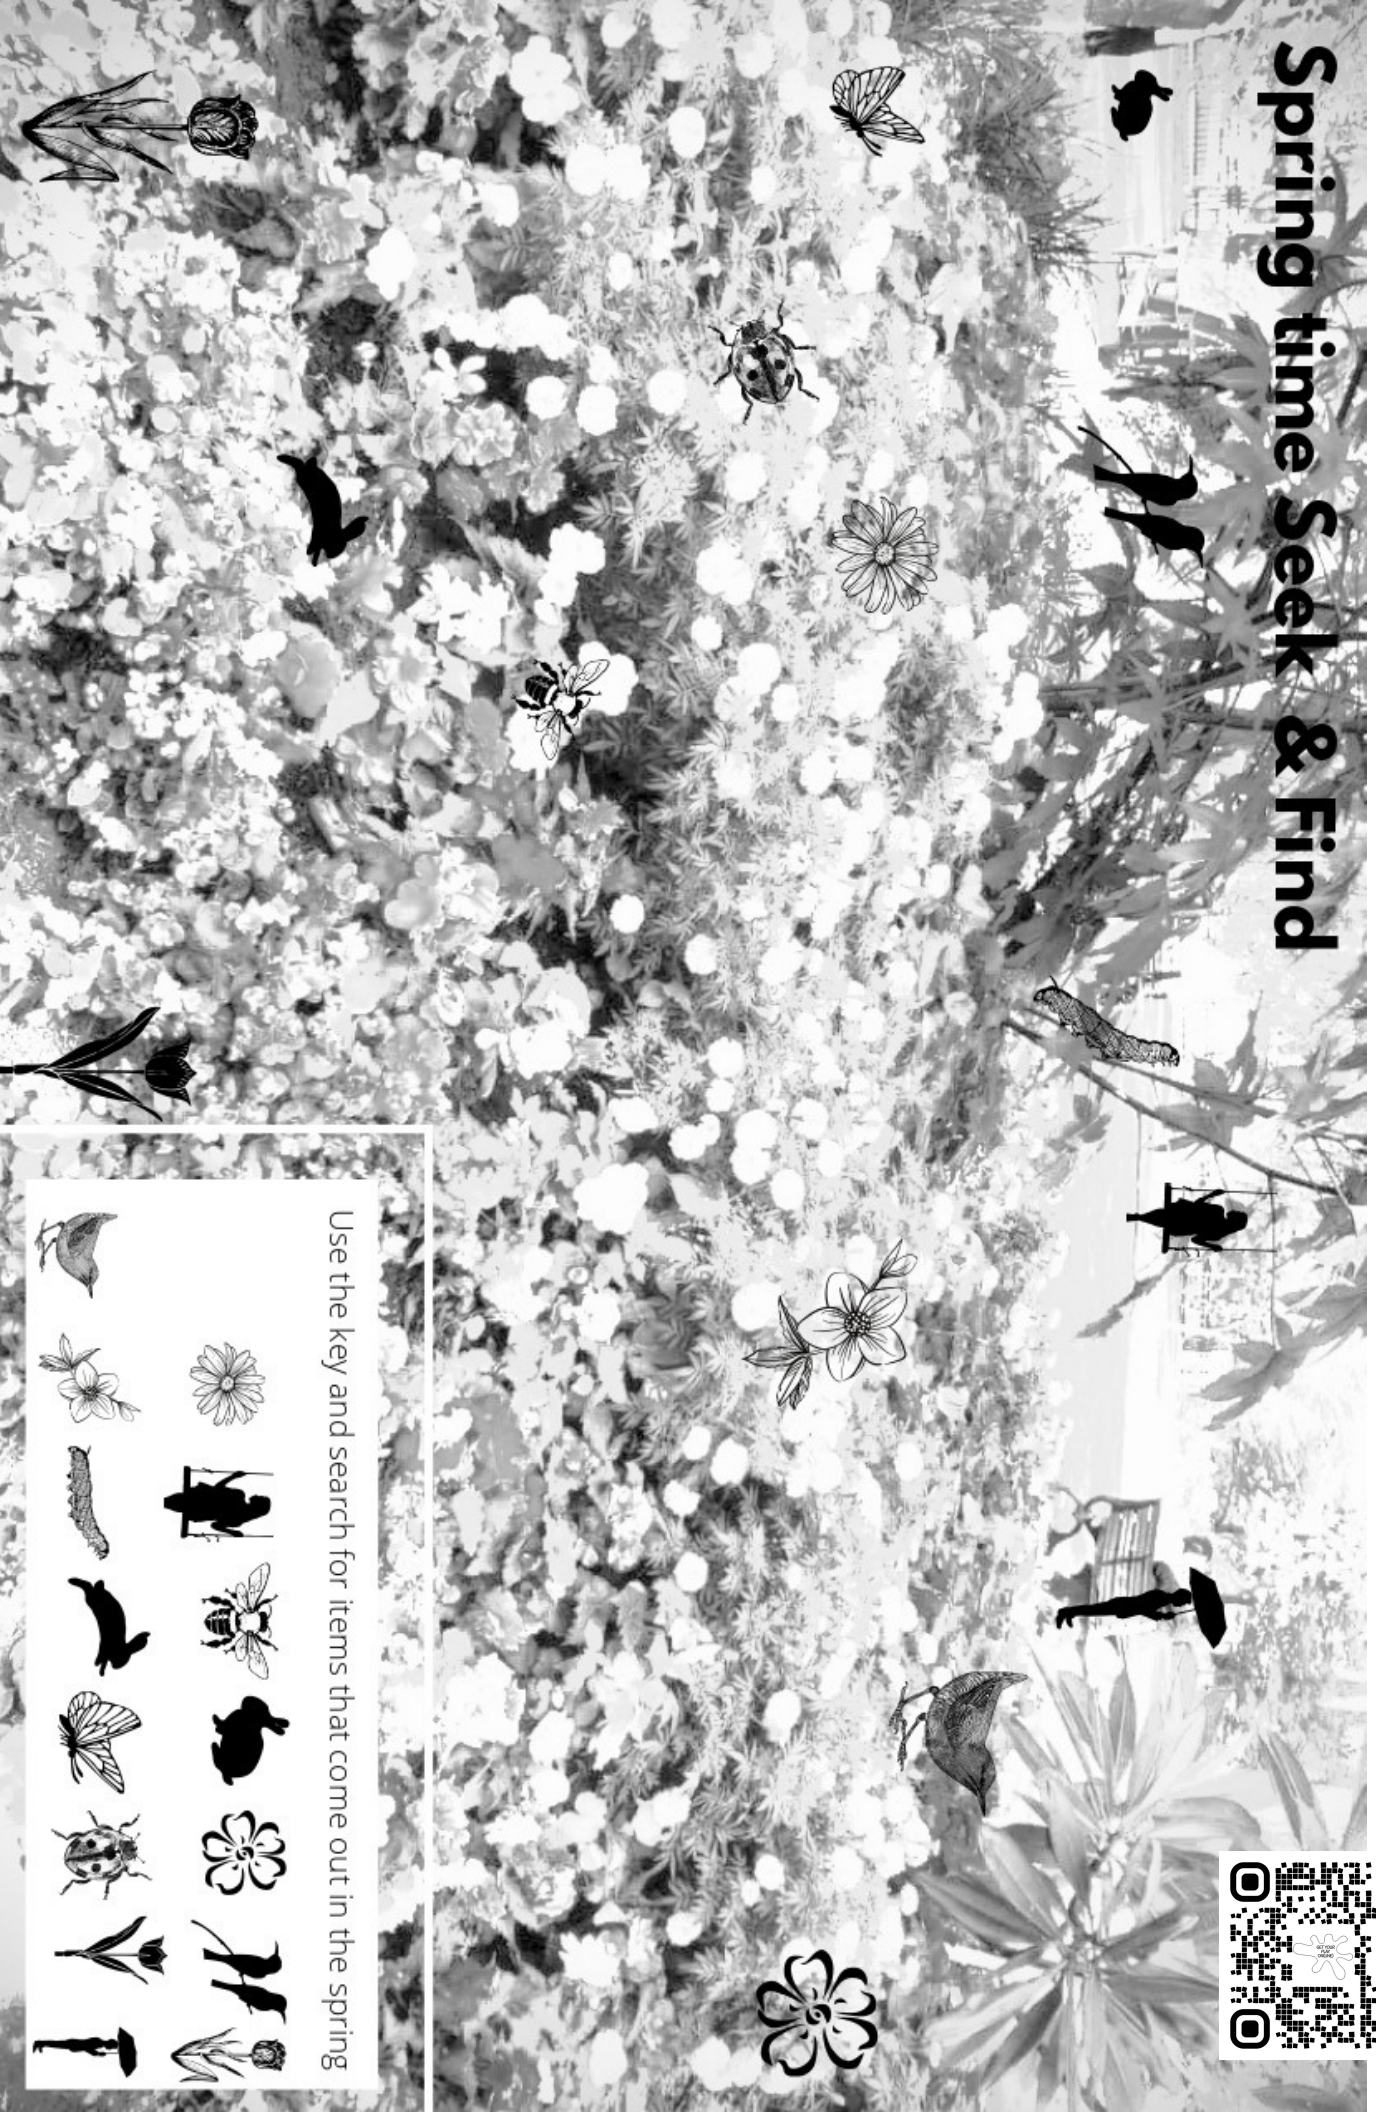

Spring

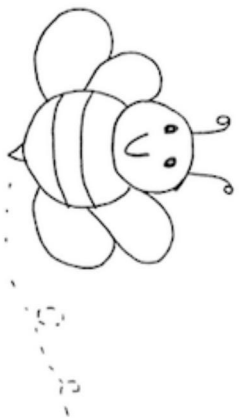

# Spring time Seek & Find

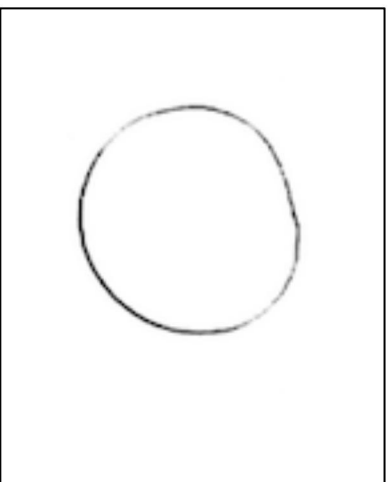

Use the key and search for items that come out in the spring

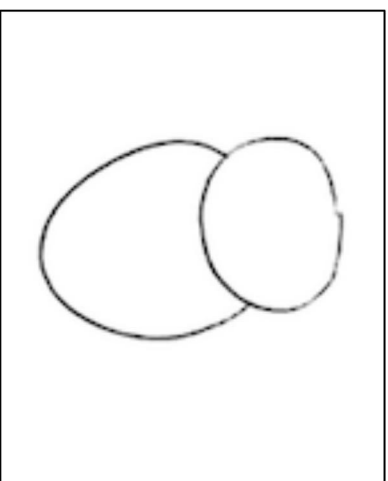

# How To Draw A Bee

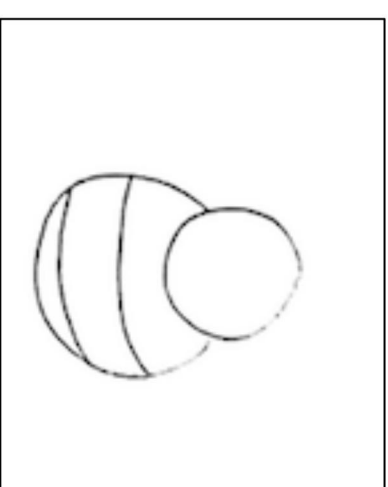

## 1. Draw the head

Make a circle however large you would like your bee's head to be

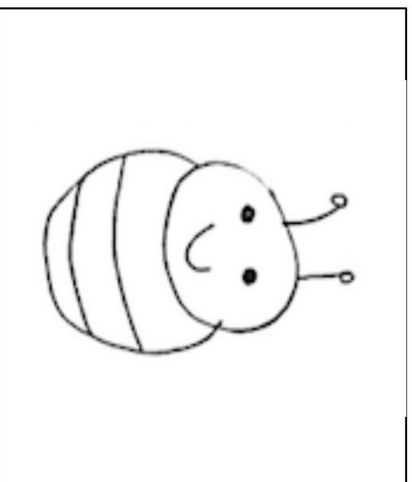

## 2. Draw the body

Make a large "U" under the head

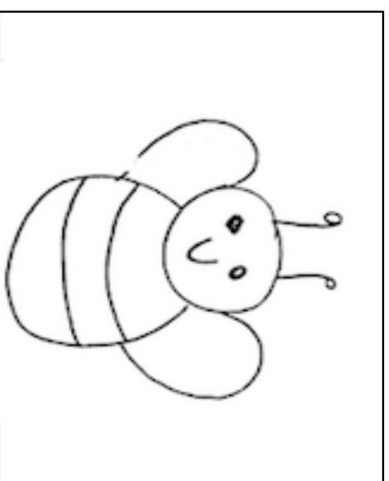

## 3. Draw the stripes

Draw 2 lines going across the middle of the body to make a stripe

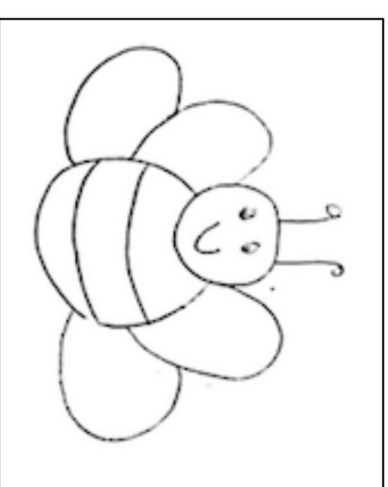

## 4. Draw the face and antennae

Draw the eyes by making two small dots. Then create a smiley face by drawing a small "U" under the eyes. Draw two lines on top of the head with small circles on top for the antennae

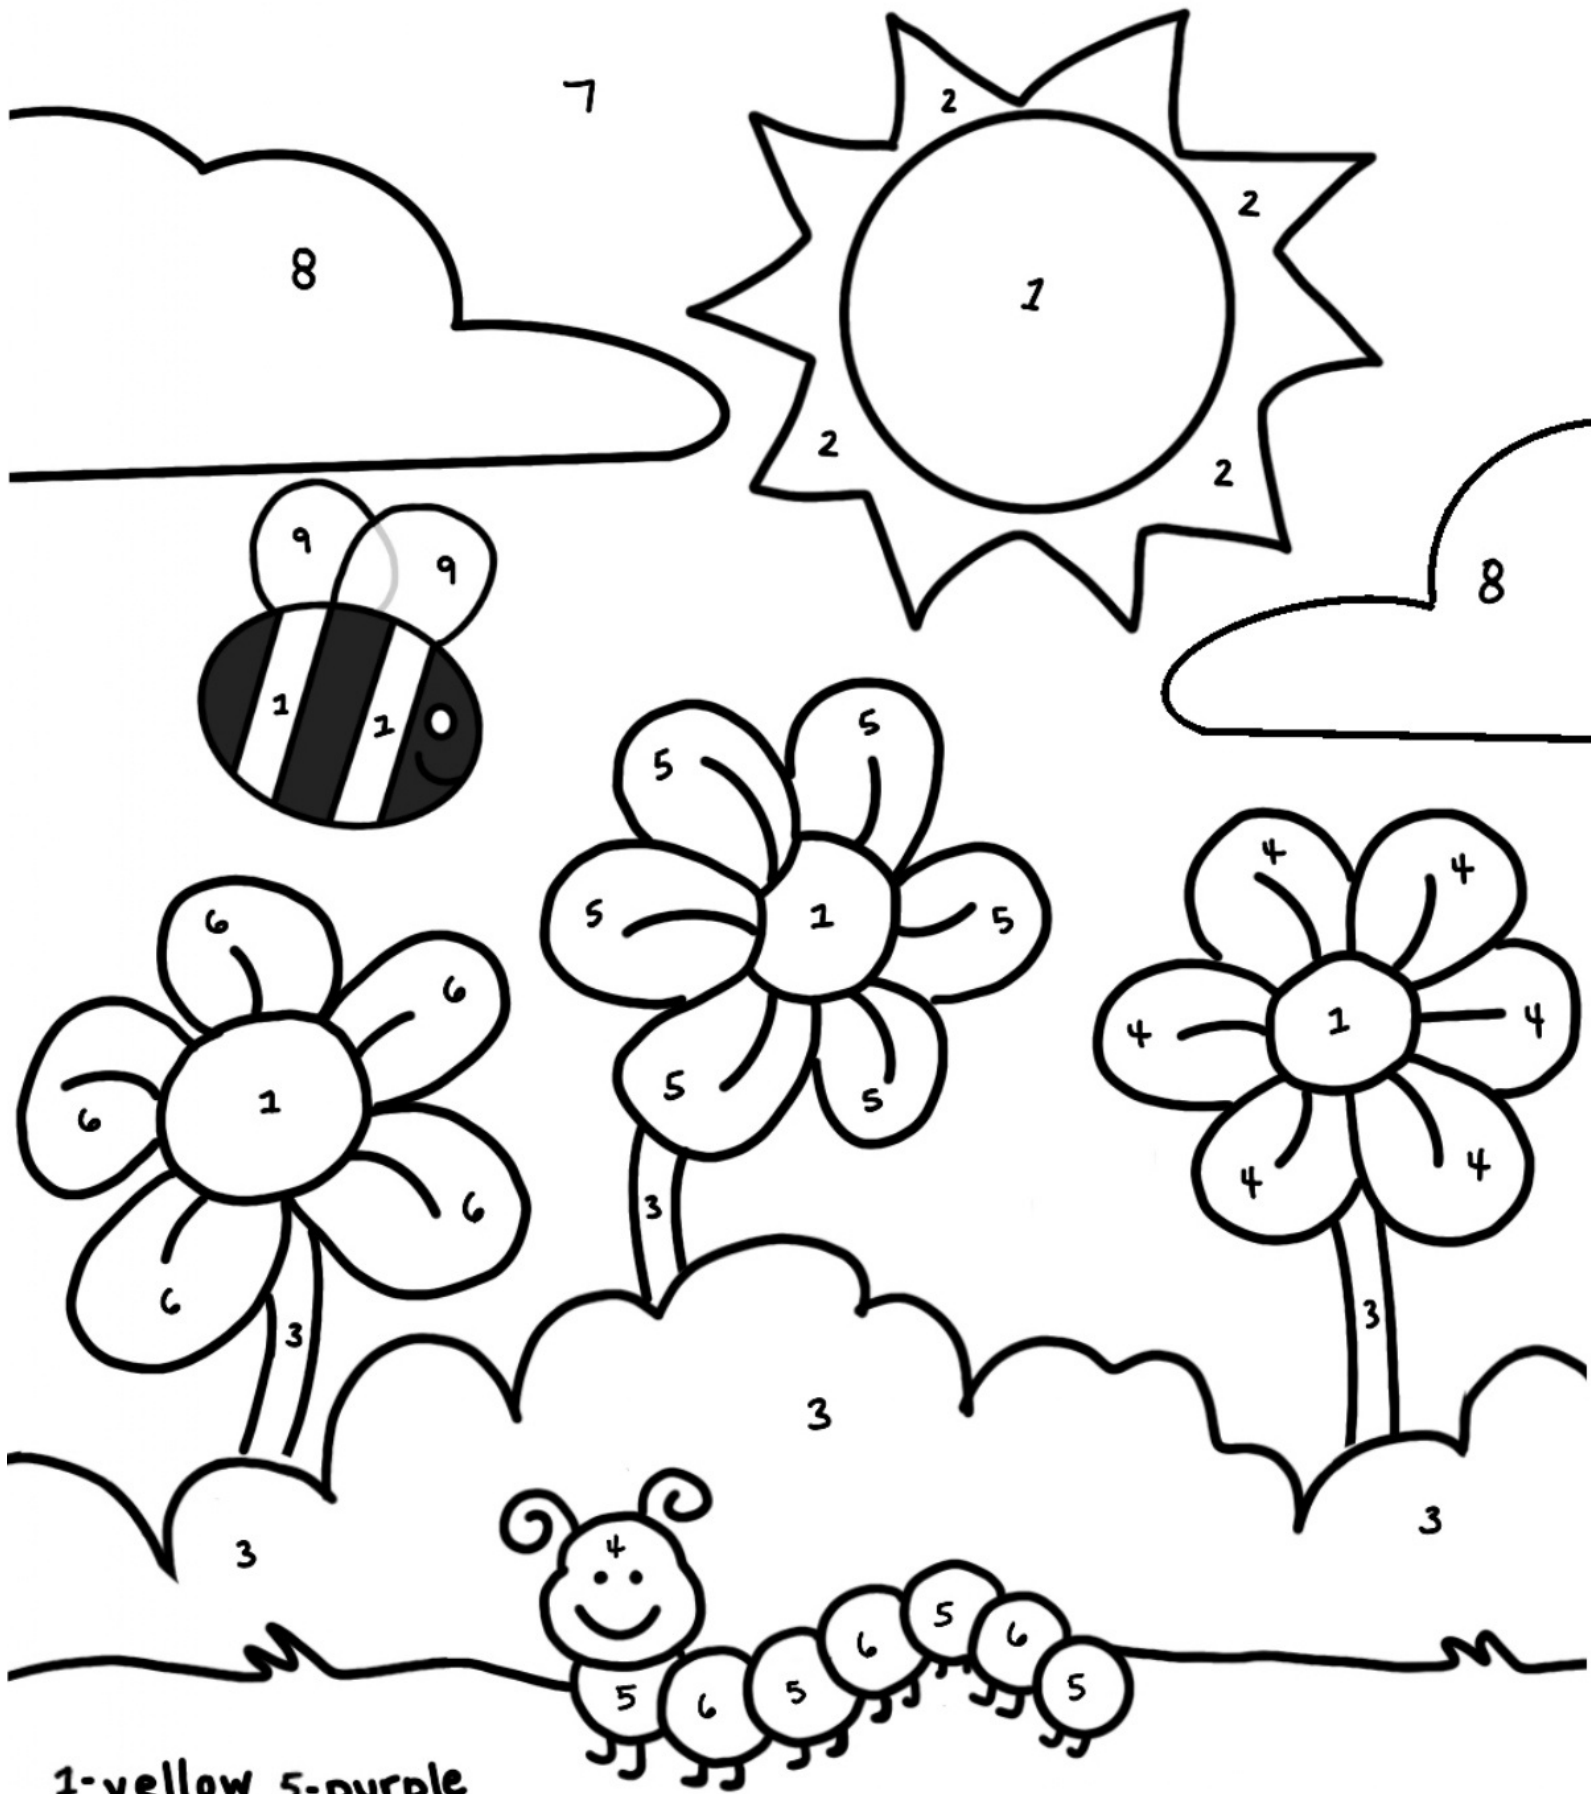

## 6. Draw the top wings

Make the top set of wings by drawing half of a heart on each side. Start just below the eyes and connect at the top of the stripe

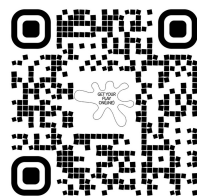

## 7. Draw the lower wings and stinger

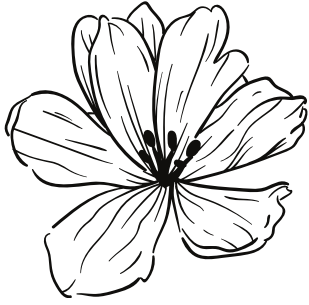

Make the bottom set of wings by making a large backwards "C". Start at the middle of the top wing and connect to the bottom of the body. Draw a small "V" at the bottom for the stinger

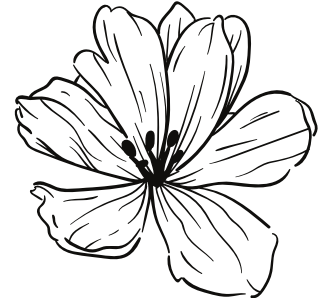

1-yellow 5-purple  
 2-orange 6-red  
 3-green 7-blue  
 4-pink 8-white

# SPRING TRIVIA

Q: When is spring?

A: After winter and before summer.

Q: What is daylight savings?
